

QUIET: *Protesting in Progress*

1. What do YOU think is the most effective way of protesting something?
2. What is Civil Disobedience?
3. What are some examples of civil disobedience?
4. Do you AGREE or DISAGREE with Dr. Martin Luther King, Jr that violence should never be used in the pursuit of political goals? WHY?
5. What is one *modern* political issue that you get angry about, or that you think needs fixing?
6. What do YOU think would be the most effective way to “protest” or to get the above issue to change?

Now proceed to the back. You do NOT have to make the sign about the issue you wrote about in question #8 (although that's an easy choice). You can choose to write, draw, or cut out and glue images and phrases for the poster. They WILL be displayed... so be careful with appropriateness. You may NOT use a computer, this time, for the assignment.
