

CLIMATE CHANGE

Global Warming, Greenhouse Gasses, and
Things That Go Bump In The Night

Objectives

- Understand what is meant by “Climate Change”
- Identify some common misconceptions about it
- Discuss the “human influence” on Climate Change
- **Terms:**
 - Climate Change
 - Global Warming
 - Greenhouse Gasses
 - Ozone Layer
- NO... you do NOT have to write these down 😊

WHAT DO WE ALREADY KNOW?!

- Get a Partner
- **DISCUSS:**
 - What is “Climate Change”?
 - *What does that mean?*
 - What is meant by “Global Warming”?
 - How about “Greenhouse Gasses”
 - Is all of this something we should care about / or CAN do something about?
- **PREPARE TO SHARE**
- **FIRST – Videos**

WHAT ABOUT THOSE VIDEOS?

- They are definitely “biased”
 - *Have a strong opinion*
- However, they do give us some of the terms
 - Climate Change
 - Global Warming
 - Greenhouse Gasses
- So... are there “misconceptions” about this topic?
- ...another video!

SO... WHAT'S THE POINT?

- Knowing the “terms” is important
 - They are often used... especially politically
- Having an EDUCATED opinion on this topic is also important
- To wrap up... let's hear from Bill Nye...
